

REMARKS

In response to the *Ex part Quayle* action issuer herein, the Specification, Abstract and Drawings have been amended to more definitely set forth the invention and obviate the rejections/objections. In addition, an Information Disclosure Statement is being concurrently filed in the instant application. The present amendment is deemed not to introduce new matter. Claims 1-5 are in the application, said claims being in condition for allowance.

Reconsideration is respectfully requested of the objection to the disclosure.

Pages 7, 8, 9 and 12 of the Specification have been amended to provide consistency for the elements "1a", "1b", "4", "5", "8" and "15". In addition, the Abstract has been amended to conform same to the rules concerning length. Further, Figs. 6(a) and 6(b) have been amended, and a replacement sheet provided herewith.

In view of the amendments to the Specification, Abstract and Drawings, it is believed that the objection is now moot. Withdrawal of the objection is accordingly respectfully requested.

In view of the foregoing, it is respectfully submitted that the application is now in condition for allowance and early action and allowance thereof is accordingly respectfully requested. In the event there is any reason why the application cannot be allowed at the present time, it is respectfully requested that the Examiner contact the undersigned at the number listed below to resolve any problems.
